Preface

The National Endowment for the Arts, an independent agency of the Federal Government, was created in 1965 to encourage and assist the nation's cultural resources. The Endowment is advised by the National Council on the Arts, a presidentially appointed body composed of the Chairman of the Endowment and 26 distinguished private citizens who are widely recognized for their expertise or interest in the arts. The Council advises the Endowment on policies, procedures, and programs, in addition to making recommendations on grant applications.

Statement of Mission National Endowment for the Arts

Preamble

Throughout the ages, man has striven to go beyond the limits of the immediate physical world to create that which was not there before and thus nourish the human spirit. Our first record of man's perception of the world around him was through art scratched on cave walls, carved in stone, or modeled in clay. Man's need to make, experience, and comprehend art is as profound as his need to speak. It is through art that we can understand ourselves and our potential. And it is through art that we will be understood and remembered by those who will come after us.

This nation's governance is based on our people's commitment to freedom of imagination, thought, and expression. Our many aesthetic and cultural traditions are precious—for the rich variety of their beauty and as a symbol of the diverse nature of the United States.

Primary support for the arts has always come directly from the people of this nation: artists in localities all across the country who create and sustain the arts and contributors who support the arts out of conviction and as a matter of civic and regional pride.

It was in this context that the National Foundation on the Arts and the Humanities Act was enacted in 1965. The Congress found that "the encouragement and support of national progress and scholarship in the humanities and the arts, while primarily a matter of private and local initiative, is also an appropriate matter of concern to the Federal Government . . ."

The Congress also found that "while no government can call a great artist or scholar into existence, it is necessary and appropriate for the Federal Government to help create and sustain not only a climate encouraging freedom of thought, imagination, and inquiry, but also the material conditions facilitating the release of this creative talent . . ."

Mission

The mission of the National Endowment for the Arts is:

- To foster the excellence, diversity, and vitality of the arts in the United States and
- To help broaden the availability and appreciation of such excellence, diversity, and vitality.

In implementing its mission the Endowment must exercise care to preserve and improve the environment in which the arts have flourished. It must not, under any circumstances, impose a single aesthetic standard or attempt to direct artistic content.

Implementation

Who: The Endowment assists individual artists; those who act on behalf of artists or audiences; organizations whose primary intention is artistic or educational; and state and local arts agencies. Demonstrated or potential excellence and capacity to conceive, develop, or present a work of art are primary criteria.

Statement of Mission
National Endowment for the Arts,
continued

What: Endowment activities:

- Demonstrate national recognition of the importance of artistic excellence.
- Provide opportunities for artists to develop their talents.
- Assist in the creation, production, presentation/exhibition of innovative and diverse work that has potential to affect the art form and directly or indirectly result over time in new art of permanent value.
- Assure preservation of our cultural heritage.
- Increase the performance, exhibition, and transmission of art to all people throughout the nation.
- Deepen understanding and appreciation of the arts among all people nationwide.
- Encourage serious and meaningful art programs as part of basic education.
- Stimulate increasing levels of nonfederal support of the arts.
- Improve the institutional capacity of the best of our arts organizations to develop, produce, present, and exhibit bold and varied fare.
- Provide information about the arts, their artistic and financial health, and the state of their audiences.

How: The Endowment, in conjunction with private and public partners, carries out its mission through grants programs and a wide range of leadership and advocacy activities. The Endowment also serves as a national forum to assist in the exchange of ideas and as a catalyst to promote the best developments in the arts and education about them. The Endowment's grants programs include individual, project, and longer term institutional support.

Endowment decision-making is guided by peer panel review and the National Council on the Arts and by additional advice from the artistic fields and their public and private supporters. The Endowment works closely with its public partners (the state and local arts agencies) to reflect regional, state, and local perspectives and assist cooperation in implementation of government arts support programs. The Endowment's programs are aimed at benefiting all people of this nation regardless of sex, race, creed, national origin, handicap, age, or habitat.

Introduction

The Museum Program of the National Endowment for the Arts is designed to meet the evolving needs of the museum field through assistance for projects primarily of artistic significance. It is guided by three basic policies:

- All types of museums are eligible to receive funds for projects primarily of artistic significance.
- The quality of a project, not the size or location of the applicant institution, is the major criterion used in evaluating applications. Projects should be of the highest artistic level on a national or regional basis.
- The Program will be responsive and remain flexible enough to consider any worthwhile project.

We Fund

- Museums
- Organizations that perform museum functions.
- Organizations that serve or cooperate with museums.
- Museum professionals.

We Do Not Fund

- New construction.
- Major structural modifications of buildings.

Important Information

Please read this booklet carefully. Be sure to review the information on this and the following pages before reading the category descriptions. Applicants may submit more than one application in each category.

Organizations applying for support should consult the general instructions on "How to Apply" which follow, the "Instructions for Completing Organization Grant Application Form" on pages 32–34, and the "Special Application Requirements" that appear in each section. These requirements tell what supporting materials you will need to send with your application.

Individuals applying for support can find full instructions on how to apply in the "Fellowships for Museum Professionals" section.

After applications are received, they will be reviewed according to the process on page 6.

If you have questions or need any help with your application, write or phone:

Museum Program, Room 624
 National Endowment for the Arts
 Nancy Hanks Center
 1100 Pennsylvania Avenue, N.W.
 Washington, D.C. 20506
 202/682-5442
 Telecommunications Device for Deaf People 202/682-5496

Because the achievement of access for disabled people, as directed by Federal law, frequently requires long-range planning and budgeting, the Endowment encourages applicants to consider access issues in early planning stages of programs and services. For more information, see "Other Programs of Interest/Office for Special Constituencies" on page 28.

While accreditation by the American Association of Museums is not an eligibility requirement, the Endowment generally uses the definition of museums developed by the AAM: "... a nonprofit institution essentially educational or aesthetic in purpose with professional staff, which owns or utilizes tangible objects, cares for them, and exhibits them to the public on some regular schedule."

In addition to museums, organizations that serve museums, and organizations that perform museum functions, state arts agencies and regional arts organizations are also eligible to apply to the Museum Program.

Applicant organizations must meet the legal requirements on page 30. In general, organizations should be in operation two years prior to submitting an application.

Former grantees must have submitted acceptable Final Report packages for all completed grants from any Arts Endowment Program since (and including) Fiscal Year 1984 (i.e., any grant letters dated on or after October 1, 1983). See "Final Reports" on page 8.

Individuals

Only currently employed full-time museum professionals may apply for fellowships. Applicants must be United States citizens or permanent residents of the U.S.

Former grantees must have submitted acceptable Final Report packages for all completed grants from any Arts Endowment Program since (and including) Fiscal Year 1984 (i.e., any grant letters dated on or after October 1, 1983). See "Final Reports" on page 8.

How to Apply

The application forms and the supplementary information sheets at the back of this booklet are the primary materials that advisory panelists use in evaluating applications. Please complete all items on these forms clearly and concisely, using the space allotted on the forms. **Begin project descriptions with a summary sentence describing the project and the intended use of funds.** More in-depth descriptive information and resumes may also be included as part of your overall application package, but in most instances these additional items will be used as back-up material only. Please provide answers and summarize resumes in the space provided, as instructed. Use standard-size type on all your application materials. Do not use photoreduction.

Try to avoid using jargon. The review process is greatly assisted by the use of simple language, which enables a direct and fair assessment of the project.

Organizations must send the following materials, as well as those listed in "Special Application Requirements" for their category, in one package to:

Information Management Division/MM, 8th floor
National Endowment for the Arts
Nancy Hanks Center
1100 Pennsylvania Avenue, N.W.
Washington, D.C. 20506

1. **Three copies** of the completed Organization Grant Application Form NEA-3 (Rev.). One copy must be the typed, signed original. **See pages 32-34 for specific instructions on completing this form.**
2. One copy of the Internal Revenue Service determination letter for tax-exempt status or the official document identifying the applicant as a unit of state or local government.
3. One copy of the Assurance of Compliance form on page 43. All applicants **must** submit a completed form with each application package whether or not one has been submitted previously.
4. One of the self-addressed Application Acknowledgment Cards on the back cover of these guidelines.

Only the Grant Application Form and the appropriate Supplementary Information Sheet must be submitted in triplicate. If you are including other supplementary materials, submit only one copy.

Materials submitted to the Endowment generally will not be returned to the applicant. If you are submitting materials which are expensive or difficult to replace, please contact the Museum Program before applying.

Individuals should refer to "Fellowships for Museum Professionals" on pages 12-13 for instructions on how to apply.

Reminder: In order to be eligible for funding, former grantees must have submitted acceptable Final Report packages for all completed grants from any Arts Endowment Program since (and including) Fiscal Year 1984 (i.e., any grant letters dated on or after October 1, 1983). Final Reports should not be included in the application package. Any reports not yet submitted must be mailed immediately to:

Grants Office/Final Reports Section, Room 204
National Endowment for the Arts
Nancy Hanks Center
1100 Pennsylvania Avenue, N.W.
Washington, D.C. 20506

Deadline Dates

Application packages, including all required supplementary materials, must be postmarked no later than the deadline date for your category. See the Application Calendar inside the front cover of these guidelines.

Late applications will be rejected. Incomplete applications are unlikely to be funded.

Application Review

Applications within each funding category are reviewed as a group without reference to applications in other categories so that an institution will not be competing against itself by submitting applications in more than one category.

The appropriate Museum Advisory Panel, a rotating committee of experts from the museum field, reviews the applications. Following panel review, the National Council on the Arts makes recommendations to the Chairman of the National Endowment for the Arts for final decision. Please do not seek information on the status of your application. You will receive an official grant award or rejection letter in accordance with the Application Calendar inside the front cover of these guidelines.

After receiving notification that a grant has been awarded, a grantee may apply for full or partial payment, depending on the nature and schedule of the project.

All inquiries about grants and application procedures should be directed to the Museum Program.

Scope of Projects

The Endowment welcomes the vitality of new projects and activities. Grants are awarded for specific projects, not for general operating support. Do not plan new programs that are beyond your means or that can be sustained only with continued Endowment funding.

Grant Amounts

Applicants notified that a grant has been recommended at less than the amount requested may be asked to revise the project budget. The revision may involve a reduction in the scope of activities and/or an adjustment of the budget to include increased funds from non-Endowment sources.

Period of Support

The period of support should span the full amount of time necessary to plan, execute, and close out the project. Requests for extensions of the grant period should be in the form of a letter addressed to the Museum Program, and should include the grant number, new end date, and a clear reason for the requested extension. Requests will be considered on a case-by-case basis. Approval is not guaranteed.

Matching Funds

A grant may be used to pay no more than half the cost of any project. Each grantee must match the funds on at least a dollar-for-dollar basis. Please refer to each category for special matching requirements. The required matching funds should come from cash contributions, earned income, or other grants. Applicants are urged to seek support from private sources as well as from their state and local governments. In-kind contributions (such as donated space, supplies, and services) may also be used as part of the match.

Funds from the National Endowment for the Humanities and the Institute of Museum Services may not be used to match Arts Endowment Museum Program grants. Other Federal funds may not be used to match Arts Endowment Museum Program grants, unless the statutory authority for such funds specifically allows them to be used as match for Federal grants.

Fellowships to individuals are made on a non-matching basis.

Continuing Support

Panelists annually review all applications on their merit, and in competition with other applications in the same category. An award granted one year does not imply Endowment support in subsequent years.

At the end of the grant period, the Endowment requires Final Report packages from grantees. If you receive a grant, complete instructions on final reporting will accompany the grant letter.

Grantees who fail to submit Final Report packages on Endowment grants reviewed/recommended at the February 1988 or any prior meeting of the National Council on the Arts (NOTE: Grants awarded prior to FY 1984—grant letters dated on or before September 30, 1983—are not covered by this policy) are ineligible for subsequent funding from the Endowment Program (any category) where the delinquent Final Report was due.

Grantees who fail to submit acceptable Final Report packages on Endowment grants reviewed/recommended at the May 1988 or any subsequent meeting of the National Council on the Arts are ineligible for subsequent funding from any Endowment Program.

Any Final Reports not previously submitted must be mailed immediately to:

Grants Office/Final Reports Section, Room 204
National Endowment for the Arts
Nancy Hanks Center
1100 Pennsylvania Avenue, N.W.
Washington, D.C. 20506

Do not include Final Reports as part of your new application package.

Acknowledgment of
Endowment Support

If you receive a grant, all published materials and announcements regarding the project must credit the Endowment. When funds are used to support a catalogue or exhibition, for instance, this should be acknowledged with the following statement in the catalogue and in all published materials and announcements of the exhibition: "This catalogue (exhibition) was supported in part by a grant from the National Endowment for the Arts, a Federal agency." If the Arts Endowment is listed as one of a number of donors, its placement in the list should have an appropriate relationship to other sources of support.

Note on Publications

It is a requirement of any grant which supports the publication of a catalogue that 42 copies of that catalogue be sent to the United States Information Agency.

Do not send these catalogues to the Endowment, but to the following addresses:

Send 2 copies to:

Program Officer
Arts America Program
United States Information Agency
301 4th Street, S.W., Room 567
Washington, D.C. 20547

Send 40 copies to:

Chief Service Branch
USIA Art Catalogue Project
830 Third Street
Loading Dock 15
Brooklyn, New York 11232

The National Endowment for the Arts strongly encourages grantees who produce books or other publications for dissemination to take advantage of the free cataloging service of the Cataloging-in-Publication Division of the Library of Congress.

Cataloging-in-Publication provides publishers with cataloging data to be printed in the book. Having the data in the book speeds the library cataloging process and gets the book into immediate circulation—to the benefit of author, publisher, and reader.

3. Presentation of Collections

The maximum grant amount available under this category has been increased from \$75,000 to \$125,000.

- Final Report packages must be sent to the Grants Office/Final Reports Section, not the Museum Program (see page 8).

6. Period of Support

New Endowment regulations require close scrutiny of requests for extensions of the grant period. Applicants should be certain to allow sufficient time in which to plan, execute, and close out the grant activities. If an extension is required, the requests should be submitted in writing to the Museum Program, and should include the grant number, new end date, and a clear reason for the requested extension.

7. Special Application Requirements

Applicants should be sure to read carefully the "Special Application Requirements" for each category prior to submitting proposals as there have been adjustments in several areas.

8. Note on Publications

Grantees who receive funds to publish a catalogue are advised that the number now required by the USIA Art Catalogue Project is 42 instead of 90 as previously required. See page 8 for information.

Categories of Funding

Professional Development

Museum Training

Priority will be given to programs that encourage multi-cultural participation and to efforts to improve staff in geographic areas where there is a demonstrated need to improve professionalism.

- Formal Training:

- Apprenticeships: for apprenticeships to prepare students or staff for positions such as installer, exhibition preparator or designer, framer, packer, or carpenter.

Eligibility

All grants go directly to institutions, not individuals. See "Eligibility Requirements/Organizations" page 5.

Former grantees must have submitted acceptable Final Report packages for all completed grants from any Arts Endowment Program since (and including) Fiscal Year 1984 (i.e., any grant letters dated on or after October 1, 1983). Any reports not yet submitted to the Endowment must be mailed immediately to the Endowment's Grants Office/Final Reports Section. Do not include Final Reports as part of your new application package. See also "Final Reports" on page 8 for important information.

Review Criteria

In reviewing applications, advisory panelists consider the completeness and clarity of the application package and:

- Number of students, quality and duration of training, and amount of stipend.
- Success of the program in placing graduates in the field or in enhancing the professional development of current museum staff.
- Degree to which the program is designed to be a meaningful training experience rather than a means of providing the institution with additional staff support.
- Extent of involvement of practicing museum professionals in the training.
- Practical museum experience provided program participants.
- For university programs, extent of art historical training, degree of cooperation with museums, and achievements of recent graduates as museum professionals.
- For internships, the degree to which interns are supervised and evaluated.
- Appropriateness of proposed budget and amount requested.

Special Artistic Initiatives

This category is designed to support significant long-term programming by museums. The intent is to encourage a carefully coordinated series of programs including new installations of permanent collections, special exhibitions, publications, symposia, educational activities, etc. These programs should be conceived within a unifying thematic framework and should clearly focus on and take advantage of the unique artistic resources of the museum. The multi-year planning component and the thematic interrelatedness of the individual programs distinguish this long-term programming initiative from projects eligible under other Museum Program categories.

The series of programs should be scheduled over a period of at least 18 months and may include:

- Planning and organizing exhibitions from the permanent collection, reinstallations of the permanent collection, and special exhibitions.
- Publications, media productions, and symposia, education programs, and multi-disciplinary programming.
- Projects that strengthen the artistic focus of an institution, particularly those related to under-utilized collections.
- Projects that involve more than one art form, particularly where performing arts and artists are integrated into the visual exhibitions.

Eligibility

See "Eligibility Requirements/Organizations" on page 5.

Former grantees must have submitted acceptable Final Report packages for all completed grants from any Arts Endowment Program since (and including) Fiscal Year 1984 (i.e., any grant letters dated on or after October 1, 1983). The Visual Arts Program offers fellowships to professional artists working in a wide range of media. Support is also available for visual artists organizations—originated by or for artists or to further their interests—and for forums, including short-term residencies, seminars, workshops, and publications. The Visual Arts Program's Art in Public Places category also offers grants to governmental and private nonprofit organizations to plan, commission, and install contemporary art in public places. (202/682-5448)

Arts in Education

The Arts in Education Program is designed to advance the arts as part of basic education through cooperative planning and programming by Federal, state, and local arts education, and education agencies, organizations, and personnel. Arts institutions such as museums are eligible under Special Projects for projects that assist education systems or agencies in planning, developing, or implementing arts education programs in grades K–12. (202/682-5426)

Challenge Grants

Challenge III Grants are designed to assist projects with long-term potential to help move the nation forward in achieving excellence in the arts, approved access to the arts, a deeper and broader appreciation of the arts, both directly and through nonfederal mechanisms for the arts. Challenge III grantees must match every Federal dollar with at least three dollars from other sources. Grants are available to institutions (including arts institutions, state and local arts agencies, regional organizations, and other organizations) to undertake new or substantially augmented projects in the areas of artistry, access, appreciation, and support systems for the arts. (202/682-5436)

Advancement

The Advancement Program (202/682-5436) is designed to help organizations of artistic excellence develop specific strategies to eliminate deficiencies in organizational management practice, and to take carefully planned steps toward the achievement of long-range goals. The Program consists of two phases—Phase One: Planning/Technical Assistance and Phase Two: Advancement Grants (generally ranging from \$25,000 to \$75,000) which must be matched at least three to one during the 30-month maximum grant period. Current plans call for eligibility according to the following timetable:

Fiscal Year 1990: Dance, Design Arts, Folk Arts, Literature, Media Arts, Opera-Musical Theater, and Visual Arts;

Fiscal Year 1991: Arts in Education, Expansion Arts, Inter-Arts, **Museums**, Music, and Theater.

Office for Special Constituencies

The Office for Special Constituencies assists individuals and organizations in making arts activities accessible to older adults, disabled people, and those in institutions. You may contact the Office (202/682-5332 or 202/682-5496 Voice/TDD) for assistance and materials, including examples of how arts groups make their programs available to special constituencies, and model project guidelines. Copies of *The Arts and 504* (a how-to handbook for making the arts accessible to disabled people) may be obtained from the Government Printing Office, Superintendent of Documents, Washington, D.C. 20402, for \$3.75 each (specify stock number 036-000-00047-3).

Individuals with administrative experience in arts organizations (such as literary, visual, media, design, and performing arts groups, museums, foundations, and public arts agencies) may be eligible for three-month Fellowships at the Endowment's offices in Washington, D.C. Participants work as members of the Endowment's staff and attend seminars and meetings with arts leaders. They may be assigned special projects or assist in the daily activities of an Endowment program or division. Fellows become acquainted with the Endowment's policies and operations and gain a national overview of arts activities around the country. (202/682-5786)

International Activities

U.S. Information Agency Arts America Program

Under a Memorandum of Understanding signed in 1978, the discipline panels of the Arts Endowment serve as artistic advisors to the United States Information Agency Arts America Program. In response to requests from U.S. embassies overseas, Arts America develops touring programs which involve a limited number of highly recommended U.S. performing artists. In addition, the USIA may be able to provide some facilitative assistance for companies and individuals who have arranged tours abroad. Send your confirmed overseas touring schedules directly to:

Fund for U.S. Artists at International Festivals and Exhibitions

The Rockefeller Foundation, the United States Information Agency, and the Arts Endowment have jointly initiated this fund to support performing artists invited to international festivals abroad and to fund U.S. representation at major international exhibitions of visual art. Individual performers and performing arts groups who have been invited to international festivals and who need additional support to make their performances possible should contact the Office for International Activities (202/682-5562) for further information.

International Exchange Fellowships

Five fellowships for work and study in Japan are awarded each year to American artists in various disciplines. Outstanding practicing artists for whom the opportunity to live and work in Japan for six months would be beneficial must apply through the appropriate discipline program.

In a similar exchange opportunity with France, up to ten non-monetary fellowships are available each year to American artists and professionals in the various disciplines supported by the Arts Endowment. Recipients of financial support through the Museum Program's Fellowships for Museum Professionals category who are planning to travel or study in France are eligible for these fellowships; their benefits include help in making travel arrangements, introductions to professional colleagues, and assistance in obtaining access to arts organizations. Application Information for Organizations

Legal Requirements

By law, the National Endowment for the Arts may support only those organizations that:

- Are tax-exempt.¹ Organizations qualifying for this status must meet the following criteria:
 - (1) No part of net earnings may benefit a private stockholder or individual.
 - (2) Donations to the organization must be allowable as a charitable contribution under Section 170(c) of the Internal Revenue Code of 1954, as amended. A copy of the IRS determination letter for tax-exempt status or of the official document identifying the applicant organization as a unit of either state or local government must be submitted with each application.
- Comply with Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, the Age Discrimination Act of 1975 and, where applicable, Title IX of the Education Amendments of 1972. Title VI, Section 504, and the Age Discrimination Act bar discrimination on the basis of race, color, national origin, personal handicap, or age in Federally assisted projects. Title IX prohibits discrimination on the basis of sex in Federally assisted education programs and activities. You must submit an "Assurance of Compliance" form with each application to the National Endowment for the Arts. A form is provided at the back of these guidelines.
- Compensate professional personnel, laborers, and mechanics on Arts Endowment supported projects at no less than prevailing minimum compensation as defined by the Secretary of Labor in parts 3, 5, and 505 of Title 29 of the Code of Federal Regulations. A copy of part 505 is available from the Endowment's Grants Office upon request.

¹ Generally speaking, in American Samoa, Guam, the Northern Mariana Islands, and the U.S. Virgin Islands, U.S. tax laws have an application similar to that in the United States. However, in the Commonwealth of Puerto Rico, owing to special income exemptions, the application differs. Nevertheless, in all these areas arts organizations should be aware of their need to obtain tax-exempt status in order to qualify for Endowment support. Applications and inquiries concerning this matter may be made to the Internal Revenue Service's Exempt Organizations Office, 31 Hopkins Plaza, Baltimore, Maryland 21201.

Reporting Burden

Public reporting burden for this collection of information is estimated to average 15 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to: Director, Administrative Services, National Endowment for the Arts, Nancy Hanks Center, 1100 Pennsylvania Avenue, N.W., Washington, D.C. 20506; and to the Office of Management and Budget, Washington, D.C. 20503.

Program Funds

Program Fund grants to organizations usually must be matched at least one-to-one by nonfederal funds. (Please refer to each category for special matching requirements.) Applicants must show (in Section X of the Organization Grant Application Form) that at least half the cost of the project will be met by the applicant. Anticipated sources of matching funds must be identified. Budgeted funds, as well as newly raised funds, generally may be used to match the Endowment grant.

Treasury Funds

Treasury Fund grants, designed to help applicants increase or sustain nonfederal contributions, generally must be matched with at least three nonfederal dollars for each Federal dollar. They are not available for projects or in amounts different from those specified in the regular guidelines.

Organizations applying for a Treasury Fund grant should so indicate in Section VII of the Organization Grant Application Form. The process of applying for and receiving Treasury Fund grants is similar to that for Program Fund grants. The amount requested from the Endowment, however, may not exceed 25% of the total project cost.

The release of Federal funds is contingent upon the following: an applicant's securing and documenting for the Endowment, pledges and/or private donations at least equal to the amount of the Federal funds; and the approval of the Endowment of this documentation. This is referred to as the first match. The remaining minimum project cost (at least double the Federal monies) must be met with additional matching funds secured by the grantee organization.

For example:

Endowment grant	\$20,000
First match by applicant	\$20,000
Additional matching by applicant	\$40,000
Minimum project cost	\$80,000

Organizations interested in applying for a Treasury Fund grant are urged to contact the Program before applying.

These instructions are keyed to the numbered sections of the application form found immediately following.

I. Applicant organization. The name as provided here must be identical to that in the IRS determination letter for tax-exempt status or in the official document identifying the organization as a unit of either state or local government. Please note that a copy of the IRS determination letter is required as part of your application package (see "How to Apply" on page 5).

II. Category under which support is requested. Please indicate the appropriate category:

Museum Training	Conservation
Presentation of Collections	Collection Maintenance
Education	Museum Purchase Plan
Catalogue	Special Exhibitions
Special Artistic Initiatives	Special Projects

III. Period of support requested is the span of time necessary to plan, execute, and close out the proposed project.

IV. Summary of project description. Use only the space provided to specify clearly the nature and significance of the project and the purpose for which the funds are requested. The opening sentence should succinctly describe the project. Use standard size type; do not photoreduce.

V. Estimated number of persons expected to benefit from this project is the total audience members, participants, students, or others (excluding employees and performers) who are anticipated to benefit directly.

VI. Summary of estimated costs is a recapitulation of direct costs as shown on the second and third pages of the application form. See instruction IX for further explanation.

VII. Total amount requested from the National Endowment for the Arts. The amount requested should be rounded to the nearest \$100. As these are matching grants, the amount shown here should not be more than 50% of the Total Project Costs in Section VI. Please refer to each category for special matching requirements.

If the application is for a Treasury Fund grant, the amount shown here should not be more than 25% of the Total Project Costs. Treasury Fund applicants should read carefully the information page 31.

This total amount requested from the Endowment should, when added to the total cited in Section X ("Total Contributions, Grants, and Revenue"), equal the total cost of the project.

VIII. Organization total fiscal activity.

A. Expenses should include Arts Endowment projects funded and anticipated.

B. Revenues, grants & contributions should include Arts Endowment grants received and anticipated.

Units of larger organizations, such as university museums, should show the fiscal activity of the unit only and not that of the parent organization.

IX. Budget breakdown of summary of estimated costs.

A. Direct costs are those which can be specifically identified with the project.

1. **Salaries and wages** must be estimated at rates no less than the prevailing minimum compensation as set out in the Code of Federal Regulations. See page 30. Fringe benefits may be included here only if not included as indirect costs.
2. **Supplies and materials** include consumable supplies, raw materials for the fabrication of project items, and items costing less than \$5,000 per unit with an estimated useful life of one year or less.
3. **Travel** must be estimated according to the applicant's established travel practice, providing that the travel cost is reasonable and all travelers use transportation costing no more than air coach accommodations. Foreign travel, if any is intended, must be specified in this section.
4. **Permanent equipment** includes purchased equipment costing \$5,000 or more per unit with an estimated useful life of more than one year. Written justification should include a brief description of the items, and technical specifications where relevant. Except in the Challenge Grant Program, the Endowment has a general policy against support of capital improvements and major construction.
5. **Other** includes consultant and artist fees, honoraria, contractual services, rental of space or equipment, postage, photocopying, telephone, and transportation of items other than personnel. With consultant and artist fees, honoraria, or contracts for personal or professional services, please specify number of persons and applicable fee, rate, or amount of each. For films, catalogues, and other major expenses, provide a breakdown of costs. Do not include entertainment, fines and penalties, bad debt costs, contingencies, or costs incurred before the beginning of the official grant period.

B. Indirect costs are those costs incurred for common or joint objectives and not readily assignable to specific activities. They may be computed by the application of an indirect cost rate established as a result of negotiation with the National Endowment for the Arts Audit Office, Nancy Hanks Center, 1100 Pennsylvania Avenue, N.W., Room 207, Washington, D.C. 20506, or another Federal agency. A copy of the agreement must accompany the application.

X. Contributions, grants, and revenues. The Arts Endowment generally requires each applicant to obtain at least half the total cost of each project from nonfederal sources. Specify all sources of matching funds and indicate whether funds are anticipated or received. Funds from other Federal agencies that also fund museums may not be used to match Arts Endowment Museum Program grants.

A. Contributions:

1. **Cash** donations (e.g., operating budget, memberships, contributions, etc.) anticipated for the project, and
2. **In-kind contributions** at the fair-market value of essential items that are wholly or partially consumed on the project. In-kind contributions must also be reflected in the total project cost.

- B. Grants** include all or a pro rata share of anticipated grants either wholly or partially restricted for use on this project. (Do not include the grant requested by this application or any other Arts Endowment grant, whether anticipated or received.) A grant is generally characterized by written authority to spend up to a specified amount of money for a specific purpose.
- C. Revenues** include all other earned funds, regardless of source, expected to be used on this project.
- XI. Application to Other Federal Funding Sources.** Indicate any Federal sources to which you have applied or intend to apply for support of the project or program outlined in your application. Funds from other Federal agencies that also fund museums may not be used to match Arts Endowment Museum Program grants.
- XII. Final Reports** on all completed grants from any Arts Endowment Program since (and including) Fiscal Year 1984 must be submitted to maintain eligibility. Do not include with your application package (see page 8).
- XIII. Certification.** The application must be signed by an official of the applicant organization with legal authority to obligate the organization.

under Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, the Age Discrimination Act of 1975, and Title IX of the Education Amendments of 1972.

_____ (hereinafter called the "Applicant")
Hereby Agrees that it will comply with Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d et seq.), Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794), the Age Discrimination Act of 1975 (42 U.S.C. 6101 et seq.), and, where applicable, Title IX of the Education Amendments of 1972 (20 U.S.C. 1681 et seq.) as well as all regulations of the National Endowment for the Arts issued pursuant to these statutes. Title VI, Section 504, and the Age Discrimination Act prohibit discrimination on the basis of race, color, national origin, handicap, or age in any program or activity receiving Federal financial assistance. Title IX prohibits discrimination on the basis of sex in any education program receiving Federal financial assistance. The Applicant **Hereby Gives Assurance** that it immediately will take any measure necessary to comply.

This assurance shall obligate the Applicant for the period during which the Federal financial assistance is extended. There are two exceptions. If any personal property is acquired with Endowment assistance, this assurance shall obligate the Applicant for the period during which it retains ownership or possession of that property. Assurance Explanation

Title VI of the Civil Rights Act of 1964 provides that no person in the United States shall, on the grounds of race, color or national origin, be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination under any program or activity receiving Federal financial assistance. Section 504 of the Rehabilitation Act of 1973 provides for nondiscrimination in Federally assisted programs on the basis of handicap. The Age Discrimination Act of 1975 provides for nondiscrimination in Federally assisted programs or activities on the basis of age. Subject to certain exceptions, Title IX of the Education Amendments of 1972 prohibits the exclusion of persons on the basis of sex from any education program or activity receiving Federal financial assistance.

As a condition to approval of a grant, Arts Endowment regulations require all organizational and individual applicants to execute the "Assurance of Compliance" form, whether or not a comparable form has been filed with another agency.

The Applicant referred to in the form is the individual or the organization itself, whose chief executive officer or comparable official should sign. The name and title of the organization and of the official should be typed on the form. The signed original should be returned with other required materials to the Arts Endowment's Information Management Division. It should be noted that signing this form indicates a commitment to comply with the four statutes referred to herein.
